►Welcome

Thank you for purchasing our new photo frame. With this high quality product you can get the most out of your Alarm Clock. You will also find some more information on the web site: **www.agfaphoto.com**

► Safety Instructions and Recommendations

Do not install your alarm clock in a humid room (bathroom, laundry, kitchen, etc.), or within 1.50 m of a tap or water source, or outside. The operation temperature of the photo frame can be from -10℃ to 40℃. Do not set up your photo frame in a dusty environment.
Only use the power supply that is supplied. Connect it to a main outlet in compliance with the installation instructions in this booklet and the indications stated on the identification label located on the unit (voltage, current and frequency of the electricity network). As a precaution, in case of danger, the main adaptors act as a disconnecting mechanism for the 100-240V AC power supply. They should be placed near the device and should be easily accessible.

The CE marking certifies that the product meets the main requirements of the European Parliament and Council directive 1999/5/CE on telecommunications terminal equipment, regarding safety and health of users, and regarding electromagnetic interference.

The declaration of compliance can be consulted on the site

► Environment

Preservation of the environment as part of a sustainable development logic is an essential concern of **AgfaPhoto**. The desire of **AgfaPhoto** is to operate systems observing the environment and consequently it has decided to integrate environmental performances in the life cycle of its products, from manufacturing to commissioning, use and elimination.
Packaging

The presence of the logo (green dot) means that a contribution is paid to an approved national organization to improve packaging recovery and recycling infrastructures. To facilitate recycling, please respect the sorting rules set up locally for this kind of waste.

The Product

The crossed-out waste bin stuck on the product means that the product belongs to the family of electrical and electronic equipment.
In this respect, the European regulations ask you to dispose of it selectively:

- At sales points in the event of the purchase of similar equipment.

- At the collection points made available to you locally (drop-off centre, selective collection, etc.).

In this way you can participate in the re-use and upgrading of Electrical and Electronic Equipment Waste, which can have an effect on the environment and human health.

Compatible memory card :

The Alarm Clock Frame with a SD/MMC card acts like a card-reader by connecting to a computer via USB.

► **Guarantee**
(Terms and Conditions for United Kingdom only)

In order to supply the guarantee, you should contact your dealer. Proof of purchase will be required. Should malfunctioning arise, the dealer will advise you what to do.

If you bought your equipment from SAGEM COMMUNICATIONS directly. the following shall apply:

A] SAGEM COMMUNICATIONS undertakes to remedy by repair, free of charge for labor and replacement parts, any defects in the equipment during a period of twelve (12) months from the date of original delivery of the Equipment, where those defects are a result of faulty workmanship. During this twelve month guarantee period, the defective equipment will be repaired free of charge; the customer must however return the defective equipment at his/her own expense, to the address given by SAGEM COMMUNICATIONS After Sales Department, the phone number of which can be found on the delivery slip.

Unless the customer has concluded with SAGEM COMMUNICATIONS a maintenance contract in respect of the equipment which specifically provides for repairs to be carried out at the customer's premises, the repairs will not be carried out on the equipment at the customer's premises. The following sentence applies to purchases of equipment for the customer's trade, business or profession. Except as otherwise expressly provided in this document and to the extent permitted by law, SAGEM COMMUNICATIONS makes no representations or warranties, express or implied ,statutory or otherwise ,and to such extent, all terms and conditions implied by law are hereby excluded.

This guarantee does not affect the Customer's statutory rights.

B] Exclusions From Guarantee

SAGEM COMMUNICATIONS shall have no liability under the guarantee in respect of:

- damage, defects breakdown or malfunction due to :
- failure to properly follow the installation process and instructions for use; or
- an external cause to the equipment [including but not limited to, lightening, fire,   shock or water damage of any nature]; or

  modifications made without the written approval of SAGEM COMMUNICATIONS ; or
- unsuitable operating conditions, particularly of temperature and humidity; or
- repair or maintenance of the equipment by persons not authorized by SAGEM COMMUNICATIONS.
- wear and tear from normal daily use of the equipment and its accessories
- damage due to insufficient or bad packaging of equipment when returned to SAGEM COMMUNICATIONS
- supply of new versions of software

- work on any equipment or software modified or added without the prior written consent of SAGEM COMMUNICATIONS malfunctions not resulting from the

   Equipment or from software installed in user workstations for the purpose of use of the equipment.
- Communication problems related to an unsuitable environment. Including problems related to access and/or connection to the Internet such as interruptions by access networks or malfunction of the line used by the subscriber or his correspondent
- transmission faults [for example poor geographical coverage by radio transmitters, interference or poor line quality]
- the local network fault [wiring, servers, workstations] or the failure of the transmission network
- the normal servicing [as defined in the user guide supplied with the equipment] as well as malfunctioning due to servicing not being carried out ,servicing costs are in any event always borne by the customer.
- C] In the cases set forth in B] as well as after expiry of the twelve month guarantee period, the customer must ask SAGEM COMMUNICATIONS for an estimate, and he/she must accept the estimate and agree to pay the charges mentioned in it before returning the equipment to SAGEM COMMUNICATIONS, The repair and delivery costs will be invoiced to the customer.

   If any provision of this guarantee shall be held to be in whole or in part invalid or illegal due to an obligatory rule applicable toconsumers pursuant to their national legislation, such invalidity or illegality shall not impair or affect the remaining provisions or parts of this guarantee.
